Interested in getting married at CT? FAQs

1. Is premarital counseling available?

Premarital counseling is available to individuals who have completed Chicago Tabernacle's Membership Class. Begin the premarital counseling process by sending an email request to Pastor Jose Figueroa at jfigueroa@chicagotabernacle.org.

2. How long is the premarital counseling process?

Because we recognize marriage as a sacred covenant for a lifetime, we believe that a couple should invest more time and thoughtfulness into their marriage preparation than their wedding planning. The typical CT premarital counseling process is approximately 8-10 weeks in length. We recommend that couples consider applying to begin the process even before engagement and setting a wedding date.

3. What resources does CT use for premarital counseling?

Our primary resources for the premarital counseling process are God's Word and Saving Your Marriage Before it Starts by Drs. Les and Leslie Parrott.

4. Can we have our wedding at the Chicago Tabernacle?

In order to request celebrating your wedding ceremony at the Chicago Tabernacle, you must have successfully completed the CT premarital counseling process.

5. We are planning to have our wedding at another venue, but we would like one of CT's pastors to officiate our wedding. Is that possible, and how would we make that request?

In order to request the services of one of our pastors, you must have successfully completed the CT premarital counseling process.
